# The Female Health Company Declares 4th Quarter Dividend of \$0.05/share.

CHICAGO, October 7, 2011 - The Female Health Company (NASDAQ-CM: FHCO), today announced that its Board of Directors has declared a quarterly cash dividend of \$0.05 per share. The dividend is payable November 9, 2011 to stockholders of record as of November 2, 2011. This will be the eighth consecutive quarterly dividend paid since the Company announced the initiation of a cash dividend program in January, 2010.

"The Company's Board of Directors and Management team believes that the payment of cash dividends allows shareholders to participate directly in the Company's success" stated O.B. Parrish, Chairman and Chief Executive Officer of The Female Health Company. "Our sustained profitability over the past few years has generated cash from operations in excess of the Company's capital spending requirements and kept it debt free. We believe that utilizing some of this excess cash flow to pay cash dividends is in the best interests of our shareholders."

Any future quarterly dividends and the record date for any such dividend will be approved each quarter by the Company's Board of Directors and announced by the Company. Payment of future dividends is in the discretion of the Board of Directors and the Company may not have sufficient cash flows to continue to pay dividends.
