**THE FEMALE HEALTH COMPANY ANNOUNCES RECORD DATE FOR SPECIAL SHAREHOLDERS MEETING TO APPROVE MATTERS RELATING TO PROPOSED TRANSACTION WITH ASPEN PARK PHARMACEUTICALS**

**CHICAGO (July 15, 2016)** - The Female Health Company (FHC or the Company) (NASDAQ-CM: FHCO), manufacturer of the world's leading female condom, the *FC2*, today announced that July 28, 2016 is the record date for the Company's special meeting of shareholders to be held in connection with the previously announced proposed merger transaction between FHC and Aspen Park Pharmaceuticals, Inc. (APP). The date, time and location of the special meeting will be set and announced at a later time. Only holders of record of the Company's common stock at the close of business on July 28, 2016 will be entitled to notice of the special meeting and to vote and have their votes counted at the special meeting and any adjournments or postponements of the special meeting.

As previously announced, FHC entered into a definitive merger agreement with APP. FHC believes that the proposed transaction with APP provides an extraordinary opportunity to establish a new company with the potential to enhance both short-term and long-term stockholder value. The new company will have multiple products that provide opportunities for growth, while mitigating the risk associated with FHC being a single product company.

The new company will have five proprietary pharmaceutical product opportunities. Three of the proprietary product opportunities are candidates for the FDA 505(b)(2) regulatory pathway. The 505(b)(2) pathway permits the use of established data on currently marketed products for securing new claims and/or dosage forms for such products. This may reduce the time required, cost and risk in developing and securing FDA approval.

The new company will include a women's health division, that will focus on expanding FHC's existing, profitable business, while beginning development of newly acquired oncology assets for breast and ovarian cancer, and a men's health division, focused on the areas of benign prostatic hyperplasia, male infertility, hot flashes in men on prostate cancer therapy, gout and advanced prostate cancer, together with consumer health products for premature ejaculation and sexual health vitamin supplements. Following the business combination, the Company will be renamed Veru Healthcare Inc.

**FHC has filed a preliminary proxy statement with the Securities and Exchange Commission (SEC) relating to the special meeting which is being reviewed by the SEC. The full meeting agenda will be detailed in FHC's definitive proxy statement, which will be mailed to all stockholders of record as of the record date after it has been filed with the Securities and Exchange Commission (SEC) following the completion of the review of the preliminary proxy statement.**
