- Each common stock purchase warrant was originally convertible into one share of common stock upon payment of the per warrant exercise price. The conversion rate was subsequently amended to grant the holder of the warrants an additional number of shares of common stock upon conversion equal to 10% of the aggregate number of common stock purchase warrants exercised. As a result, because the holder of the warrants exercised 200,000 common stock purchase warrants, the holder received an additional 20,000 shares of common stock upon exercise of the warrants.
